

Inspired by classical Oriental garden pot shapes, the Weave Planter series are woven by skilled artisans using recyclable woven synthetic fibers and a rust-free, powder-coated aluminum frame and fitted with solid teak wood legs made from offcuts. The synthetic woven fibers are hard-wearing UV treated and waterproof, making this piece suitable to be placed both indoors or outdoors. Use it as a planter or basket to keep your things in. Available in Bamboo, Hexagon, Oval, Plum, and Square shapes for mix and match.
