

Loop No. 12 is an object with 12 movable parts that can be sculpted into different postures. The item naturally returns to its original form of rectangular infinity and will add a playful touch to your coffee table or bookshelf. The loop series was inspired by pieces from the Noguchi Museum's collection, especially in the graphic use of contrast stone colors and the expressions of movement and tension through the hard medium.

Available in 2 colors: Lilac (Purple), Ocean (Blue)

Dimensions: L21.46 x W21.46 x H6.98 cm
