

This image is from the project "Over Australia": an aerial series created by the artist out of an open light aircraft over remote parts of the Western Australian outback and coastline. It is a celebration of reflection of the unique and unspoiled character of that region, and the wild variations and contrasts of texture created by nature. It is further interpreted into harmonious compositions of scale-free fractal abstracts of bold form and intense color.

Printed on archival canvas and individually signed by the artist; edition of 50.
