

This piece evokes an almost prehistoric energy: like a glacier cutting through rock, or ice cold water over a seabed. The clear blue glass is pristine against the smooth, striated layers of earthy tan and reds.

The red tones on the large Cenotes Handblown Glass Sculpture will transform from a dark rust color to fiery scarlet, depending on the light. On the smaller version, the red tones shift from maroon to a soft clay red.

Dimensions:

Low: L26 x W8 x H26 cm

Tall: L18 x W8 x H39 cm

*Note: This brand has a minimum total order value of US\$1,274. Please do not check out below this value, otherwise order will be automatically cancelled.*
