

Menuha's tabletop collection aims to capture the movement and beauty created by the intersection of lines and planes on a simple design. Objects with classic sensibility using high-quality materials reveal an elegant presence in any space.

The Saturn Tray was inspired by the shape of the planet. A bar across the round brass / copper tray adds storage efficiency and aesthetics. The calf leather adds a soft refined touch.

The tray can be placed on a living room table or entrance console to store car keys or small home objects.
