

With our living quarters getting smaller, it makes sense to look towards multipurpose designs as a way to save valuable space. We all rely on a plethora of daily necessities so designers are investigating ways to combine function with aesthetics to improve our everyday experiences. The Subtle Happiness Table Lamp is one such design. It is a table lamp and vase rolled into one.

It is specially designed as a spherical shape to expand the lighting area. The other side of the luminous body is a flat plate made of aluminum with a brushed brass oxide effect. The luminous body is removable, so you can place it anywhere in your home or office. The body of the lamp is shaped to also function as a vase.

The Subtle Happiness Table Lamp has won a special mention at the 2019 German Design Awards.

LED 12w | 3000K | 100-220V | 50-60Hz | NiteCore Extreme

Dimensions: L28 x W28 x H34.5 cm
