

Bamba is an ode to bamboo, one of the most versatile plants. Gathered in strength, the organic nature shines through the black color, honoring the materiality of the tree. The top portion is created using the same traditional wall-making technique learnt from the Karen Tribe where the bamboo is crushed to the point of submission into a flat surface. Decorated with copper nail details.

Dimensions: L42 x W42 x H40 cm

BAMBA (S)

Primary Material: Bamboo

Primary Color: Black

Customization: This product is not customizable.
