

'A Bottle of Tea' is Mooyee's newly upgraded version 2.0 tea set for 1 person. With the fast pace of daily living, consumers prefer convenience and efficiency of movement while on-the-go!

Compared with the brewing process for traditional tea sets, these simply designed tea sets crafted in the form of contemporary bottles offer today's discerning tea drinkers a more efficient filtered brewing function.

This gorgeous high-temperature glaze shows a fascinating 'orange peel' effect after being fired. This textured glaze showcases a surface of tiny bumps, feeling like citrus skin to physical touch. Such subtle texturization forms a natural and irregular patterning, that not only adds to the unique appearance of this ceramic work, but also feels light and natural when held in the hand.
