

A statement piece blending sophistication with eclectic charm, the Boho Pushkin Desk features a wood frame elegantly laminated in brown canvas, black Opus, red Burma, and OK Croc black-brown leather. The corners are accented with red Burma, black Opus, and OK Croc leather for a striking contrast.

Intricate black Opus and putty gray lacing highlight the craftsmanship, while tassels in red Burma and black Opus add a touch of whimsy. Finished with brass hardware, this desk exudes timeless style and functional artistry.
