

The Napa Side Table is a beautifully designed piece that features a driftwood-finished wooden frame, providing a calm and sturdy foundation. Its top is crafted from tiger eye rattan, adding natural sophistication and visual interest.

The table is elevated by black Opus leather trim, contributing a sleek look, while mahogany wood accents enhance the overall aesthetic with rich contrast. Brass hardware adds elegance and ties the design together. This unique combination of materials makes the Napa Side Table a stylish addition to any room, suitable for use as a bedside or accent table.
