

The Blomstre's hand-poured candles are made from eco-friendly, vegan, renewable, and biodegradable soy wax with a wood wick that helps the natural soy wax to burn more slowly and evenly, with a wider, lower flame and excellent throw. Each candle is made with hand-picked ranges of high-grade natural essential oils from the United States, Korea, and Hong Kong that diffuse longer in the air.

A bouquet of seasonal charm captured in wax. This fragrance opens with soft, musky undertones that gracefully mingle with the delicate sweetness of honeysuckle and jasmine. It blossoms like a sunlit garden, evoking the warmth of spring and summer while carrying an enchanting floral elegance that feels effortless all year round.

A candle that fills your space with light, joy, and the timeless allure of blooming flowers.
